- Q.3 Read the following paragraph and answer the questions given below. 5
- Technology has transformed education by making learning more accessible, personalized, and interactive. Online platforms allow students to learn at their own pace, while digital tools such as simulations and virtual labs offer hands-on experiences without physical constraints. However, the integration of technology also presents challenges, such as ensuring equal access for all students and maintaining student engagement in a virtual environment.
- Questions:
- 1 What are two benefits of using technology in education?
 - 2 How do digital tools enhance the learning experience?
 - 3 What is one challenge mentioned in the passage about using technology?
 - 4 What does the passage suggest about the pace of learning with technology?
 - 5 Why might student engagement be harder to maintain in virtual learning?
- OR
- Q.3 Write a dialogue between two friends talking about their preparation for examination. 5
